Film Production Guidelines

Welcome to the City of Los Angeles, Department of Recreation and Parks (Department). In our partnership to protect the environmental integrity of our parks the Park Film Office is providing guidelines to ensure a safe and successful film shoot. Please review and provide copies of these guidelines to the appropriate responsible persons. Thank you for the continuous use of our parkland.

- **MUST ADHERE TO ALL WRITTEN GUIDELINES.**
- Okay to film on 3/9/11 from 5am to 8pm.
- Okay to bring in their own benches and tables.
- Okay to have a cast 5, crew of 50 and 5 extras.
- Okay to park in MGR lot 1 for crew only.
- Okay to move dead tree out of the way of the road.
- Okay to paint park picnic table but must repaint it back to original color after shoot.
- **OK TO PARK IN THE OLD ZOO PARKING LOT AND MUST PARK ALONG ONE SIDE OF THE ROAD ONLY, SEE ATTACHED MAP AND GUIDELINES.**
- Must not basecamp at Old Zoo.
- Must not have more than 3 stakebeds on road at a time.
- No drilling or digging in Old Zoo Bear cave walls.
- All vehicles must remain on paved loop.
- No heavy equipment on grass.
- Emergency access must be kept at all times.
- Working trucks allowed to park on one side of the loop road only.
- Okay to crew/cater in LA Shares lot.
- Okay to basecamp in Turf Management Lot.
- Okay to Crew Park in Mgr lots 1.
- Staking into ground is not allowed.
- Must return location to previous state.
- Vehicles and/or heavy equipment are not allowed on turf areas unless prior approval is given by the Park Film Office.
- Production companies must provide their own restroom and trash receptacles. The City dumpsters and trash cans cannot be used so all self-generated trash has to be removed and disposed of off-site.
- Film permits do not provide exclusive use of a park or recreation area.
- Service roads, parking lot driveway access, handicap or electric vehicle designated parking stalls may not be blocked or restricted. Emergency vehicle access lanes must be maintained in parking lots and park streets at all times.
- Due to underground plastic irrigation lines and trees having shallow root systems, staking or drilling into turf, rocks, trees or asphalted areas is not permissible unless prior approval is given by the Park Film Office. This approval will be noted in the permitted guidelines.

- Locked park gates can only be accessed by a Park Film Office Monitor. Security of open gates must be provided by the permitted company. Any equipment that is permitted to stay overnight must be guarded by the permitted company's security group.
- Alterations to natural or manmade surroundings or content of the park are not permissible unless documented in these specific guidelines. The permit holder is financially responsible for all remediation should there be any damage or unauthorized alteration to Department property. The remediation and cost of will be determined by the Park Film Office.
- A Park Film Office Monitor(s) may be assigned to the permitted location. Their job is to ensure guidelines are followed, liaison between park patrons, other City employees and a communication link between Permittee and the Park Film Office for any additional needs or authorizations. When the Park Film Office is closed the Park Film Monitor has the authority and responsibility to modify these guidelines within the parameters given to them by their supervisor. The Park Film Monitor has access 24/7 to contact their supervisors if needed. The Permittee will be required to adhere to the instructions, restrictions and requests given by the Park Film Monitor.
- Smoking is prohibited on all Department properties. An exception has been made for permitted film production companies to smoke in areas that are designated by the Fire Safety Officer or Park Film Monitor. If a Fire Safety Officer or Park Film Monitor is not assigned to the Permittee there will be no smoking with the exception of an actor smoking while performing or as part of the scene.
- A designated smoking area may not be near any patron activity or facility. Large buckets of sand or water must be placed in this area for disposal of tobacco or tobacco related products. The designated smoking area may be revoked or not allowed depending on weather and location conditions. Failure to comply with the smoking restrictions may result in a fine.
